Dear Mr. Szenher:

I am writing to express my support for the proposed amendments to Arkansas Pollution Control and Ecology Commission Regulation 5 and 6, to ban any new medium and large confined and concentrated swine operations in the Buffalo National River Watershed. I support this third-party rulemaking because

I want to see the Buffalo River protected from pollution so I can float down it safely and enjoy one of my favorite parts of the Arkansas landscape!

Sincerely,

Christina Mullinax
