Wendy Bland suggested we send renewals out 6 months in advance like SWANNA does. SW Renewal notices will be mailed out in May.

SWANNA Conference this year will be held in Hot Springs, March 26-28. Early registration is ending soon and you can do update class that Angela Sparks will be teaching.

Jennifer Merritt gave update on batch invoicing and invoicing all operators vs each solid waste company. Angela Sparks offered to be a beta tester for online invoicing.
Shane Ellis asked a question about who does online courses and there was discussion about the confusion about Academy/ADEQ and who does what.

Late renewals and the consequences and issues with late renewals was discussed by the Committee.

Gene Little informed the committee about the proposed change of making apprentice licenses renewable. Discussion about pros and cons of this took place.

The Committee discussed how and why the course for solid waste is structured the way that it is and encompasses all subcategories of solid waste such as tires, recycling, compost, and construction and demolition landfills.

Wendy Bland asked a question about licensing “classes” why if students all attend the same course and learn the same curriculum that the licenses are broken out into Class 1, Class 2 and Class 3 licenses and why not just one license that encompasses an operator. Discussion on this and the possible fee changes were discussed. It was suggested that the flat rate be $75.00 per license at testing instead of $50.00 and just do away with “classes” of licenses and just have 1 all-encompassing license.

Jennifer Merritt asked the committee if they knew of any reason that “grace period” on license renewal was a full year? No one knew the answer but all agreed it was too generous and suggested that it be changed to 3 months grace period to give incentive for people to renew in a timely manner.

Wendy Bland made a motion for the committee to make a recommendation to ADEQ to reduce the “grace period” to 90 days and require re-testing after that time. Jodi Reynolds-Coffelt seconded motion. A vote was made, All I’s, motion carried.

Wendy Bland made a motion for the committee to recommend to ADEQ that license classes be consolidated into one inclusive license to streamline the licensing process. Jodi Reynolds-Coffelt seconded the motion, voted all I’s motion carried.

Question about doubling CEU’s was brought up and discussed in context of 2 year renewals.

The committee discussed the next meeting date and it was decided on May 23rd, at 10:30 a.m. at ADEQ.

With no further business, a motion was made to adjourn by Randy Harper and Wendy Bland seconded the motion. The meeting was adjourned.
