**CERTIFIED MAIL 9489 0090 0027 6060 6308 70**

The Honorable Darrell Trahan  
Mayor, City of Huntsville  
P.O. Box 549  
Huntsville, AR 72740

RE: NPDES Permit No.: AR0022004, AFIN: 44-00018  
Response to Corrective Action Plan

Dear Mayor Trahan:

On May 29, 2019, a letter was sent to the City of Lewisville requesting a Corrective Action Plan (CAP) to address the effluent violations reported by the facility. On June 25, 2019, a CAP was received by the Department. The CAP stated the facility should be back in compliance with the effluent limits of the Permit by March 31, 2020.

The Department has reviewed the CAP and has and has the following comments:

- *In order to determine if a construction permit is required, please send plans and specifications for the installation of horizontal mixers. This should reach the Department within twenty (20) calendar days of receipt of this letter.*
- Please send a certification of compliance to the Department on or before March 31, 2020 stating that the corrective actions listed in the CAP submitted on June 25, 2019 have been completed and the facility is in compliance with the effluent limits of the Permit.

Please follow the timeline and corrective actions listed in the CAP submitted to the Department on June 25, 2019. If something should change with the CAP, please notify the Department as soon as possible.

Thank you for your attention to this matter. Should you have any questions, or would like to schedule a meeting, feel free to contact me at 501-682-0630 or you may e-mail me at [allen-daniel@adeq.state.ar.us](mailto:allen-daniel@adeq.state.ar.us).

Sincerely,

Leslie Allen-Daniel  
Enforcement Analyst  
Office of Water Quality
