Subject: RE: ARG160028, Rolling Meadows Landfill, Inc.

Hi Jessica,

FTN has confirmed that the sedimentation pond at Rolling Meadows Landfill has been designed and constructed to contain runoff from a 25-year, 24-hour storm event.

Please let me know if you need any additional information.

Thanks,
Ray

Subject: RE: ARG160028, Rolling Meadows Landfill, Inc.

Thanks Ray. Just one more thing: can you confirm that the sedimentation pond has been designed and constructed with a storage capacity to handle runoff from a 25-year, 24-hour storm event?

Thanks,
Jessica Temple

Jessica,

Please accept the following in response to the issues raised in the email below. I apologize for the delay in responding.

- In lieu of a Disclosure Statement, please find attached the most recent quarterly and annual SEC filings for Waste Management (WM). WM is the parent company of Waste Corporation of Arkansas, LLC.

- Please find attached a revised NOI with the correct permittee name (Waste Corporation of Arkansas, LLC). Also attached is a screenshot from the Delaware Department of State website showing that Waste Corporation of Arkansas, LLC is in good standing.
- Receipt of the check was acknowledged in your email dated April 1, 2015.
- There are currently no licensed operators at this facility. Facility personnel will begin the process of obtaining the proper wastewater license and hope to have this accomplished by July. In the interim, the facility has contracted with FTN to serve as their licensed operator. Ken Carmichael (License No. 004758) will serve in that capacity.
- Yes, the operational procedures dictate that the sedimentation ponds be dewatered as soon as possible after sufficient settling has occurred.

Please let me know if you need any additional information.

Thanks,
Ray

Subject: ARG160028, Rolling Meadows Landfill, Inc.

Ray,

The Department is in receipt of the NOI and map for the renewal of ARG160028. There are some items that need to be addressed before the permit can be processed.

- The email from yesterday states that a disclosure statement was submitted to the Solid Waste division. I can't find a copy of that, could you please send me a copy?
- The permittee name on the NOI ("Waste Corporation of Arkansas, Inc.") has a status with the Arkansas Secretary of State as converted. It is necessary that the permittee name be in good standing with the AR Secretary of State. It does look like "Waste Corporation of Arkansas, LLC " is in Good Standing with the Arkansas Secretary of State. Also, we will need documentation showing that the company is in Good Standing with the Delaware Secretary of State as well.
- The email from yesterday states that a check is to be hand delivered. Can you please tell me who the check is from, and the check number so that I can confirm receipt with our fiscal division?
- What is the operator's name and license number?
- Can you confirm that the ponds covered by this permit do not receive stormwater from active portions of the landfill?
- Can you also confirm that operational procedures at the landfill include a requirement that the sedimentation ponds are dewatered as soon as possible after a storm event and after sufficient settling to ensure that no effluent limitations are exceeded?

Please let me know if you have any questions or concerns. You can return any documents via email if that is convenient for you.

Thanks,
Jessica Temple

[NOI for ARG160028.pdf](#)

Please find attached a Notice of Intent from Waste Corporation of Arkansas, Inc. seeking to renew coverage for the Rolling Meadows Landfill (AFIN 59-00036) under the Sanitary Landfill General Permit (ARG160028).

Please note that a Disclosure Statement has been previously submitted to the Solid Waste Division and a check for the permit fee will be hand delivered this afternoon.

Please contact me or Mark Koch at 501-225-7779 with any questions or concerns.

Regards,
Ray
