

Arkansas Department of Environmental Quality

Tire Accountability Program (TAP)

Beneficial Use Checklist			
APC&EC Regulation No. 36			
District Name			
Submittal Date			
Does the Plan include a List of Permits by Number and AFIN? <input type="checkbox"/> YES <input type="checkbox"/> NO			
USED TIRE PROGRAM (UTP) OVERVIEW – Reg. 36, Chapter 4			
1. Has the used-tire program reviewed and provided written approval of the beneficial-use project?	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
2. Has this beneficial-use project been prepared by a professional engineer? If no, explain:	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
3. Is a legal description, address, and directions attached to the project?	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
4. Is a map or aerial photograph attached indicating land use within a ¼ mile radius of the project?	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
5. Are maps provided indicating existence of any regulated wetlands or flood plains adjacent to the project?	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
6. Is a site-plan map attached that delineates survey boundary locations, access roads, existing buildings and improvements, and existing/proposed drainage characteristics and any run-on/run-off control systems?	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
7. Has a list of tire generators been provided, including name, location, and mailing address?	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
8. Has a concurrence of the landowner been provided, indicating acceptance and responsibility?	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
9. Have statements from local regulatory bodies been provided?	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
10. Have any applicable environmental permits been provided?	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
11. Have project specifications and details been submitted? These should include a description of the proposed application, the quantity of used tires anticipated to be used, construction methods and materials, construction drawings and details and a schedule. Also provide an explanation demonstrating how the engineering properties of these materials will be beneficial to the project.	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
12. Has an explanation of how the beneficial-use project will comply with all applicable provisions of Regulation No. 36 been provided?	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
13. Has a demonstration been made that the used tires will perform in a manner similar to the material for which it is submitted?	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
14. Has financial assurance been submitted?	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
